

Team Registration on TennisLink

We're excited for your accomplishment of advancing to the USTA Tennessee Jr. Team Tennis State Championship. Below you will find steps to register your team for this event.

Coaches are advised to verify their available players so that they can be registered all at one time for the championship. They should verify players on the team roster are eligible, will be able to attend the championship, and if allowable determine substitutes to be added to the team. If substitutes are needed, Cathy Harris, state coordinator, must add them. Subs are only allowed if the team drops to two players of a gender and must come from the local league.

If a coach, captain, or league coordinator needs assistance with this process, contact Cathy Harris at (615) 202-4365 or cathyharris@tennesseetennis.com

Any team meeting the tournament qualifications may advance to the Tennessee State Championship. The team captain will need to affirm the eligible and available players, organizing the team roster before registering the team for the championship.
